

# Move Out Cleaning & Maintenance Instructions

Tenant(s) \_\_\_\_\_ Address \_\_\_\_\_

TLC Management is in receipt of your 30 day notice to vacate your residence. To make your departure a smooth transition, TLC Management; LLC has provided you with these move out cleaning and maintenance instructions. Rule of Thumb: Clean how you would like to receive it, should you be moving in.

Expect a rental sign to be placed on the premises. Someone from our staff will notify you if we need to take inside pictures for advertisement or schedule a showing of the property to a potential renter with a 24 hour notice. For you and the protection of your family please do not let anyone into the home unless arrangements have been made through our office. The home will never be shown without one of our TLC Agents and a call 24 hours prior to. Attending the final walk-thru is highly suggested, contact us at **least 5(five) business days** prior to vacating to schedule an appointment. Otherwise once keys have been delivered to our office, Management will schedule an inspection. Inspections are conducted between 9 AM and 5 PM Monday through Friday. Before we return any Security Deposit (**14 business days** after expiration of lease date) we will inspect your home to be sure it is left clean and in good repair. **All utilities must remain on for 3 business days after lease end date for final inspection and any needed repairs or cleaning.** Failure to comply will result in the utilities turned back on at tenant(s) expense. Keys and remotes are possession and must be returned to our OFFICE no later than 12:00 pm of the last day of your written 30 day notice. There will be no allowance for you to clean or repair after keys have been returned to Management or during the move out process. ***Our goal is to return all of your Security Deposit.*** **Pay particular attention to the following if applicable. Should you find yourself running out of time call the office for a list of authorized vendors to help you or reschedule your final inspection 24 hours before the scheduled appointment date and time.**

- Remove all personal and rented items, papers and packing materials from the home. Any tenant approved improvements to the property must stay and be in working order. Do not leave behind any abandoned personal property in the dwelling or on the premises. Allow yourself or a cleaning company sufficient time to thoroughly clean the property.
- Security Alarms tenant must provide office with all the codes and manuals to operate, system must be in working conditions, (no service required) if not the alarm will be removed and wall repaired at the tenant's expense.
- Remove all picture hooks, nails, tacks, tape, cling decorations from the walls. May require professional services to fill, texture walls, touch-up paint as needed to appear there were no holes in walls. If walls are flat paint pay extra attention when cleaning not to damage paint while cleaning. Never use flat paint on semi-gloss or vice versa. It could be more cost effective for the landlord to touch up the walls correctly and bill you, then to use the wrong paint and have to pay for a complete re-paint.
- Clean thoroughly inside, underneath, and on the sides and tops of all appliances including but not limited to the oven, stove, dishwasher, microwave, refrigerator, washer and dryer. Clean under the lid of the stove top. If you should turn breaker off leave doors ajar.
